Today's Program

Al Smith

California Earthquakes: The Next Big One!

California has a long history of earthquakes and this will continue to repeat. In the past, major earthquakes have occurred in 1836, 1838, 1868, 1906, 1989, including the 1872 event in the Owens Valley, 1857 along the Southern San Andreas Fault, and 1952 in Kern County besides numerous others distributed throughout LA and the Imperial Valley. Repeats and variations of all these can occur in the future and some are "overdue". We must prepare for the inevitable.

Programs - Gary Reece

Invocation - Jan Derecho

Detective - Linda Burroughs

Quote of the day: “All aboard” **Ross “the conductor” Condit**

Guests: If diversity of guests is a measure of our popularity then we are super popular. Our guests included members from local Rotary clubs of Watsonville, Aptos, and Scotts Valley. Also amongst us was the director of the Santa Cruz Business Council, a member of the UCSC development department, and a representative from the Cabrillo College business office.

Invocation: **Kacey “dead men tell no tales” Hinchman** reminded us that it was the day of the dead celebration. It is a day that we honor our deceased loved ones and then we throw a big party. Any excuse is a good excuse for a party, but Kacey gave us a great excuse in telling us about an exemplary Rotarian from Mexico, Dr. Carlos Consecro Gonzalez. Our good Dr. was the first Mexican president of Rotary International. Muy bien amigo.

Raffle: **Sharon “big bucks” Caiocca** donated this week’s mysterious raffle prize. We all wanted to win but in the end it was **Richard “he stole my ticket” Beach**. Richard has the unique talent of winning the raffle when he comes to the meeting. This week’s haul included a nice bottle of wine and a gift card to the unparalleled Michaels on Main restaurant.

Announcements: Our Rotary club is renovating the Santa Cruz Veterans memorial hall courtyard. Part of this beautification project is the sponsoring of bricks featuring the name of your favorite veteran. We hope to fund the renovation project with donations and these brick sales. Anyone can help by purchasing a brick. The deadline is 12/24. Please see **Debbie “veterans hall” McCaroll** for more details.

Detective: **Alliah “pay up” Sheta** delivered her first detective report and she did a fine job. Alliah is a very popular lady because there was a battle to represent her as a bucket person. The honors went to **Wes “green knight” Walker** and **Mike “red knight” Allard**. The battle was only heating up as we saw Wes and Mike challenge each other for every available dollar. It was quite the spectacle of brutality and guile. Be sure to catch the next round of this budding rivalry at our next meeting. Focusing back on this report, we saw happy dollars from **Bob “big”**

Bosso and **Alan “tall” Dow** who were both just happy to be here. Then blank stares ensued from our group as we were tested on our powers of observation and retention. We were asked about current Rotary events that were easy if you were paying attention. Turns out we don’t. Our ears may not work but our eyes do as questions turned towards recent editions of the Spokes our responses improved. Thereby revealing several of you are members of the great spokes nation.

Program: **Dr. Matt Wetstein president of Cabrillo College** is a member of the spokes nation and was reminded that our club holds tradition in counting Cabrillo presidents among our membership. This however was not the point of his visit. He came to tell us about happenings at the college and a new bond measure the college is looking for. He presented several compelling facts about our local college jewel. First, Cabrillo has just graduated its largest class ever. Second, the college’s robotics club made the NASA

finals and won. Third, they have launched a sustainable agriculture technology program. Fourth they are a part of a new guided pathways program to get people thru college and into a productive career in only two years. The idea here is to get people earning money sooner in life and avoid a large debt burden. This is a brilliant way to get productive taxpayers into the system and push our glorious democracy forward. Perhaps even fix social security. To get to this goal the college needs infrastructure improvement and housing. Housing gives students security and helps them finish faster.

CLUB CALENDAR
Member Birthdays:
11/22 Kieran Shah
11/23 Ross Condit
11/27 George Gallucci

Member Anniversaries:
11/24 Samuel Bishop 47 years

Wedding Anniversaries:
