Advice for the day: Its Friday the 13th so keep calm and don't go swimming. Don't have sex. Don't smoke. Don't drink. Don't go out. Don't split up. Don't run from the killer. If you trip, get up and run. Above all turn on the light before entering any room.

Guests: Special guest Tricia Potts received a Paul Harris Fellowship for founding Leo's Haven, an all-accessible park for kids.

Invocation: On the anniversary of the horrible bombing of Pearl Harbor. **John "swiss army" Dickinson** reminded us to buy a brick for our Veterans Hall project. Then he reminded us to have compassion because everyone we meet today is fighting a battle we may not know about.

Raffle: If there is an event at Rotary that captures everyone's attention then this is it. The tension was high as our chief of staff read the digits. He was careful and deliberate in his announcements. We hung on every word as they trickled of his lips. Mesmerized by our numbers, eye contact was nowhere to be found. Stare at our tickets we did in hopes that each digit heard matched what we read. In the end one person had won. But that person was unaware. Panic entered. Did someone leave? Is someone not paying attention? How could someone possible not care? How could someone pass the chance at winning? Finally the tension broke as

Gary "dude where's my car" Reece spoke up. He won a gift card to Margarita Ville, tickets to a musical, and a bottle of delicate wine. The gift was sponsored by **Jan "right" Derecho**. **Announcements:** Your last chance to purchase a brick for our Veterans Hall courtyard project is February 15th. This is a wonderful project that is intended to beautify an area for our local veterans. The bricks you purchase will be engraved with the name of a veteran of your choosing. One brick is a start but if you want to make a difference you can do like **Jeanette "real hero" Pagliaro** and purchase ten bricks. Go ahead and be a hero. The next announcement was a reminder that on December 20th, Cantiamo! will join us for a special Christmas program. We encourage you to bring your family, friends, or anyone else you like to this occasion.

Detective: John "dazed and confused" Dickinson came prepared with a great

presentation that challenged our knowledge of the friends we call Rotarians. In a game style report we learned juicy insight about some members. We learned that **Jim "just one more time" Zenner** can't let go of his awesome mustache. **Wes "fibber" Walker** has hair. Just not on his head. **Sam "like a bird" Bishop** likes to fly. **Elizabeth "jumping of the" Clifton-Doolin** is politer than you. **Bob "sheet bender" Ciapponi** blows hot air. **Jan "diva" Derecho** is a Sopralto. That means she can sing better than you. **Wally "dude where's my house" Walker** can't find his house. Finally we all knew that **Tom "freedom isn't free" Castillo** sucks at football.

Program: Cynthia Larive, Chancellor of UCSC, came all the way from South Dakota to tell us about her first six months in her new role as top leader of our local university. Santa Cruz with its wild turkey and deer reminds her of her home. She is excited about the

happenings of the university. She shared that UCSC ranks 34th best public university. Also, ranks second in graduating low income students. Students that are the first in their family to receive a higher education represent 40% of the student population. Recently, the university had a professor elected to the national academy of inventors. We all know that the University is at the forefront of the development of the human genome. Now they are pioneering an effort for sustainable fish farming that combines a greenhouse that grows crops with a pond that holds fish. It is a promising new way to provide a lot of nutrition on a small footprint. So if you didn't know, now you know.
