Meets Friday at 12:15 p.m.

The Back Nine Grill & Bar – 555 Highway 17

**Be A Gift To The World**

**President - Jim Weisenstein**

**Editor - Galaham Zuanich**

**June 17, 2016**

**Today's Program**

**President**

**Jim Weisenstein's Debunking**

**Programs - Elizabeth Clifton**

**Invocation - Larry Wallerstein**

**Raffle:** Sit next to **Val Macken** because she's a winner. She won the raffle this week. It was a gift certificate to the Back Nine restaurant and a fine bottle of wine donated by **Donna Maurillo**

**Invocation:** **Elizabeth Clifton** thanked the fathers in advance of Father's Day. She said "fathers do good work just being there."

**Announcements:** Welcome to **Jim Weisenstien's** last meeting. He thanked every person on the last page of this spokes. He boasted that he had a successful year because these club leaders make Rotary happen. He finished by announcing Michael Harrison is Rotarian of the year. Please thank Michael for his Herculean efforts and wonderful music.

It's a new year so sign up for something. We like people to fill weekly roles like invocation and raffle.

The new regimes committee meetings will be held at the bar. So if you are older than 21, you belong in a committee.

**Larry Fogelquist** was recognized for leading the team that's building our Club's new parklet on the San Lorenzo River. All club members are welcome to join the work team on Saturday, June 25, from 10am to 2pm to pull weeds and prepare the plot for planting. Bring work gloves, sunblock, and water. Come for the entire time, or just for an hour.

**Membership:** **Annie Asche** has proposed **Tom Castillo** for membership. Any member comments must be made to the Club Secretary within 7 days.

**Rusty Badge:** A rusty badge is one that has been exposed to the elements for a long time. **Donna Maurillo's** badge has seen 25 years of weather. She showed us photos of her life. First was a photo of her lineage which goes back to Ferenzana a very small town Italy. She grew up in Syracuse but left because it was too cold. Her parents honeymooned at the Ritz Carlton. She attended St. John's school and did Broadway musicals in her free time. She then married Rick Martin a B2V airplane pilot. His mission was to spot Russian subs. She started college in her 30's and at 66 she got a masters because she had nothing to do. One of

her guests at her 60th birthday was **Annie Asche**. Finally, the love of her life is **Gary Reece** but he has that effect on women

**Detective:** **Laurel Jones** was our detective. She introduced us to a game in which we had to guess the true statements about our members. Here are a few truths: **Sid Slater** is color blind which prevents him from reading romantic novels. **Duff Fisher** was 4'11" when he was 14. **Heather Stiles** bungee jumps in the land down under. **Linda Burroughs** bought her first house when she was 20 and paid for it by cleaning teeth in Alaska. **Wally Dale** burnt down a house. **Ian McKenzie** is not his real name. **Donna Maurillo** doesn't get stuck on roller coasters. **Gary Reece** worked for the man who started McDonald's.

**Program:** Chris Bley's parents convinced him to move to Santa Cruz so they could move here. While living here he became friends with East Germans. These East Germans used

ropes to climb. They worked as rope access workers in their country. This is what got him interested in climbing. His company, InspecTools uses drones to take photos and inspect renewable technologies like wind turbines. The leading edge of the propeller on wind turbines needs to be maintained or they lose their ability to perform at potential. His drones take photos, upload to a cloud, and then send images to the technician's cell phones so they may conduct repairs. His company developed their own drones with proprietary technology that allows the drone to fly an automated flight path around the propellers to inspect them. He used UCSC to help develop the software. He has expanded this technology to inspect solar modules using IR cameras. He says maintenance on these types of technologies is never done which is why drones make a lot of sense.

CLUB CALENDAR		
<b>Member Birthdays:</b>		
June 24 Lawson Lane		
June 27 Miller Drew		
June 30 Wallerstein Larry		
<b>Member Anniversaries:</b>		
June 25 Penniman Ed	23 years
