Today's Program

Coastal Watershed / San Lorenzo River Alliance

Executive Director, Greg Pepping

Greg earned an MS in Environmental Chemistry & Technology from the University of Wisconsin and brings that expertise to his role with the Coastal Watershed Counsel. He led the establishment of the San Lorenzo River Alliance in 2013 as a way to re-connect the town to the river which serves as a water resource, wildlife habitat and flood protection resource. Greg also serves on the Water Supply Advisory Committee and the County Commission on the Environment. Welcome Greg!

Programs - Michael Harrison

Invocation - Linda Burroughs

Detective - Blaine Brokaw

Last Week’s Meeting

Last week’s meeting was a grinder for Blaine. I arrived early and sat at the front table trying to assemble some sort of detective report knowing I only had two sad jokes and a story about two Michigan politicians. Anyway, I forgot to purchase a raffle ticket and so lost out again. It turns out that Joel Miller provided the raffle prize which was won by Colleen Harrison. The prize was some local salmon and tuna fish and a couple bottles of Trout Gulch Vineyard wine; very clever Joel!

The invocation was given by Sharon Caiocca and was excellent. Jan Derecho led the welcome song? (You see I was still working on my report.)

The detective was...well you know, me. And I was rightfully concerned about the quality of my presentation because all creative thoughts left my head last Wednesday evening. Luckily Constantine Gehriger came to the club and so I clung to the handy Uber fine with Hank Olsen. The report netted \$245 for the club.

The speaker was Monica Martinez from Encompass Community Services. She is the Executive Director there and gave us an overview of the services they provide. Monica is an excellent speaker and brought a lot of energy to her presentation. She spoke with conviction and great command of the subject matter. Encompass controls 350 permanent dwelling units in the county and they provide services for adults and children to help keep them out of homelessness. Monica had some chilling statistics about the systems of support for children. For instance children raised in Foster Care have a 50% chance of being homeless as adults. A person’s adult life success can be directly linked to the care and support they receive between the ages of 1 and 3.

The problems of homelessness are recognized at Encompass; they know many of the causes and have solutions to help. She encouraged us to engage with them.

**New Member Nominations –**  
Two new members have been proposed for the club. Laurel Jones proposes Kris Munro for the classification of Education. Fred Gawlick proposes Al Kordesch a retiree. This is the second publication of these proposed members.
