

ROTARY SPOKES

Rotary Club of Santa Cruz
PO Box 497 Santa Cruz CA 95061

July 17, 2020 – Gary Griggs Between Paradise and Peril Natural Disaster History of Monterey Bay

President: Bob Bosso
Editor: Blaine Brokaw
Invocation: Jill Stone
Detective: Sam Bishop

Welcome to Bob Bosso’s year as President! Since this is all being done electronically, I decided to use plenty of color, photos and graphics. I have no idea how to manipulate this stuff, so I just sort of made it up with copying and pasting. Hopefully photos and fun graphics will be part of this. Anything you see on this page will be the result of experimentation.

Last Week’s Program:

Bob delivered a recap of his plans of the year and how plans for a trip to Hawaii were dashed, plans for a trip to Chicago were smashed, and fighting with airlines became a favorite pastime for our beleaguered President Elect. A report on the recent club appeal for donations to our Community Fund revealed a total of just about \$24,000 having been donated, inclusive of one anonymous gift of \$10,000. The drive is still open, so consider a gift for the club! Bob also let us know the chance of us having to meet virtually is near certain for the rest of this calendar year. The club won’t be assessing missed meeting fines; however we’re all encouraged to attend and keep the club going strong.

Weekly attendance is about 50 members and we hope that will continue and improve. Unfortunately, the Club Barbecue will be cancelled as City Parks are closed. Our calendar tends to be populated with plenty of activities; however with the current state of social distancing, events will be updated each week as the schedule changes.

Announcements:

Michelle Costa announced that invocations will be done by assignment. A list had not been developed at the time of this publication, so look for an email from Michelle.

Janette Pagliaro will be heading up the Rotary Survey for the club. If you’ve not received a survey request, please let Janette know. We want to be as responsive to needs as we can.

Detective:

Christian Gonzalez served as detective and did a great job describing “Life As An Accountant In the Age of COVID-19”. Detective is pretty difficult to manage when there is no audience feedback and Christian did a great job with his presentation. Happy Dollars were offered by both Tom Foster and President Bob.

Independence Day at the Brokaws. Happy Birthday America!
